Has anyone ever heard of Career and Technical Education? Have students brainstorm: What do you think it is?
Allow a student to read the definitions for Career and Technical Education. Provide students with an index card and have them write a definition for CTE in their own words. Share responses.

If you choose to further explore the topic of Career and Technical Education, please see About CTE Presentation http://cte.unt.edu/home/about.html
Internships, practicum courses, career preparation courses, dual enrollment programs, and apprenticeships are a few venues that deliver career and technical education by providing meaningful opportunities for learners to apply their academic and technical skills.

Allow student a few moments to read the information on the slide and on the back of their index card write down all unfamiliar terms. Lead a brief class discussion on the contents of the slide. Define and provide examples of all unfamiliar terms. Inform students of CTE venues available in your district, your campus and your program.
Historical Side Notes:
In the past, Career and Technical Education (CTE) was organized by program areas, but is now organized by career clusters.

Example:
Family and Consumer Sciences (program area) courses are now located in five career clusters:

- Architecture and Construction (Interior Design courses)
- Arts, AV Technology and Communication (Fashion Design courses)
- Education and Training
- Hospitality and Tourism
- Human Services

Architecture and Construction (Interior Design courses) and Arts, AV Technology and Communication (Fashion Design courses) cluster information can be found at http://cte.unt.edu/
Career and Technical Education (CTE)

- You are currently enrolled in the course Hotel Management
- Hotel Management is a CTE course
- You are a CTE student
- I am a CTE instructor
Provide a copy of this slide to the students.

The 16 clusters identified by the U.S. Department of Education, classify workforce preparation programs that are obtained through career and technical education.

What cluster do you think **Hotel Management** falls under? Have students read the descriptors for each cluster?
The course **Hotel Management** is in the Hospitality and Tourism Clusters.

If time permits, allow students to discuss other CTE courses available at your campus and determine their career clusters.
Hotel Management is in the Hospitality and Tourism Cluster.
The Texas Education Agency has approved 9 high school courses in Hospitality and Tourism. Not all high schools offer all courses.

What is a sequence?

The goal of CTE in high school is to progress through a sequence of courses that lead to the attainment of academic and technical skills.

Discuss the sequence for Hospitality and Tourism on your campus/district.

If applicable, discuss other courses/sequences offered at your campus and in your district.

Inform students that it is possible to incorporate courses from other sequences or clusters into their personal program of study.

Example:
Sandra wants to be a high school coach. In addition to her education and training courses, she asks her counselor to enroll her in the course DOLLARS and SENSE (Human Services cluster) so that she can learn about handling finances.

In the future, Juan would like to become an elementary school principal. In addition to his education and training courses, Juan asked his counselor to enroll him in CHILD DEVELOPMENT, (Human Services cluster) so he can learn as much as he can about children.
Encourage students to speak to their counselors.

Recommended sequences for all cluster courses can be found at:
http://www.tea.state.tx.us/index2.aspx?id=5415
Review the sequence available for your course.

If time permits, allow students to determine the sequences available for other CTE courses on their campus/district.
Each cluster has various Programs of Study. We have already established that Hotel Management is in the Hospitality and Tourism career cluster. There are four Programs of Study in Hospitality and Tourism:

- Restaurants and Food/Beverage Services
- Lodging
- Travel and Tourism
- Recreation, Amusements, and Attractions

What Program of Study interests you?
Hospitality & Tourism encompasses the management, marketing and operations of restaurants and other food services, lodging, attractions, recreation events and travel related services.
Review the contents of this chart with students, helping them make a connection between the cluster, selected program of study/pathway and possible career/occupations available to them.

This chart and frames for all career clusters can be found at:
