Safe Sleep for Babies

Safe Sleeping Tips For Baby

- Place infant(s) to sleep on their backs
- Use firm, tight-fitting mattress
- Never use extra padding, blankets, or pillows under baby
- Remove pillows or thick comforters
- Positioning devices are not necessary and can be deadly
- Regularly check crib for loose, missing or broken parts or slats
- Do not try to fix a broken crib
- Place cribs or playpens away from windows to avoid window covering or fall hazards

Check www.cpsc.gov to find out if your crib, bassinet, or play yard has been recalled.
