Career Investigation

Directions: Investigate a career within the Education and Training career cluster. Create a creative, engaging presentation with the following information:

- Name of career
- Description of career
- Education preparation (high school and post-secondary)
- Salary of career
- Career advancement opportunities
- Personal characteristics, qualities and aptitudes needed for this career
- Are you suited for this career? Why or why not?

Project will be assessed using the Career Investigation Rubric.

Organize your notes below:
