Minute to Pen It!

For use in Anticipatory Set

Script:

Technology has improved dramatically in the last 10 to 15 years and will continue to improve. Brainstorm and generate a list of technology equipment used today or has been used in the past. Use recycled paper or scrap paper to write down your answers. You will have ONE minute to write as many answers as you can.

- Class may be divided into subgroups of three or four students.
- Utilize the online stopwatch to time the students. Project the timer on a screen if possible. [http://www.online-stopwatch.com/countdown-timer/](http://www.online-stopwatch.com/countdown-timer/)
- Assign a scribe to create a word cloud on the board to review and lead a discussion on how technology has evolved.
- Technology of the Future will be discussed in Lesson Closure.
